

DAVID SWANSON

Author of **Daybreak**
and cofounder of the
After Downing Street Coalition

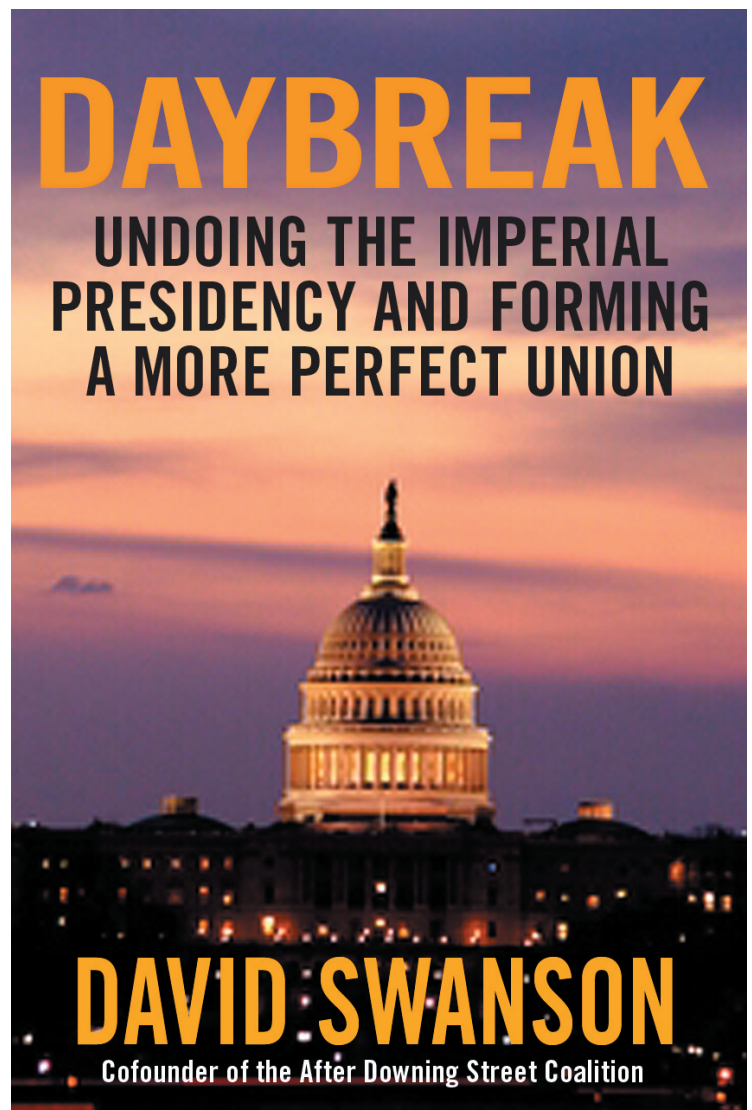

Daybreak (Seven Stories Press; Sept. 1, 2009) is a thorough investigation of how Bush/Cheney altered the way American government works and deteriorated the Constitution and Bill of Rights.

It provides a clear breakdown of all that we have lost, and all that we have to gain.

David Swanson will be on a 25-city **Daybreak** author tour
